

# Google Earth Search 3 – Table Format

- 1) Find the following 12 locations and place each picture, description, and location in a table.
- 2) The table should look like the one on the LMS Grade 7 Tech Ed Website should have a complex border and a watermark.
- 3) The top two rows should each be merged and the third row should have column headings like the template on website.
- 4) The top row should contain your name, the date, and the class color. The second row should contain GOOGLE EARTH SEARCH #3
- 5) The page should have page border art.
- 6) See the content rubric for more information please.

## PLEASE FIND THESE 12 LOCATIONS:

- |                                       |                                     |
|---------------------------------------|-------------------------------------|
| 1) Kennedy Space Center               | 7) The Great Sphinx                 |
| 2) The USS Arizona Memorial           | 8) The Great Barrier Reef           |
| 3) Cinderella's Castle (Disney World) | 9) Battleship Massachusetts         |
| 4) Sutong Bridge                      | 10) USS Intrepid (Aircraft Carrier) |
| 5) The Lincoln Memorial               | 11) Abbey Road Recording Studio     |
| 6) Hoover Dam                         | 12) Splash Mountain                 |
