MS-PUBLISHER ASSIGNMENTS

1) Find *at least* 14 high quality, high resolution pictures to use for the upcoming calendar project we will be doing in class.
   a. The pictures must be appropriate for school.
   b. You can choose random pictures or you can choose pictures that have a theme (for example you may want to make a calendar about football, cars, fashion, your favorite band, favorite movie or TV show, etc.)

2) Be sure to copy the URL/website addresses where you found the pictures so that you can paste them in a Word document in order to cite your sources.

3) Save each picture to your computer's student picture drive and then upload to your Google Drive in a folder that you make and name folder "Calendar Pictures."
